360 Photobooth

What makes Bananas 360 Different?

We offer an electric booth. This means you get a full, quality video in one go, instead of multiple spins. We do not need access to electricity! This means no unsightly cords, and the booth can be just about anywhere. We will work with your decorator to provide you with the perfect spot, backdrop if requested.

We offer multiple video effects and have the ability for you to have multiple songs. We offer instant sharing to ALL devices, not just iPhones. We are the only company that offers a one hour option. We often get asked how many people our booth can hold. It is hard to answer. But we will say, we have had 8 men on at once and our booth can hold over 2,000 pounds of weight.

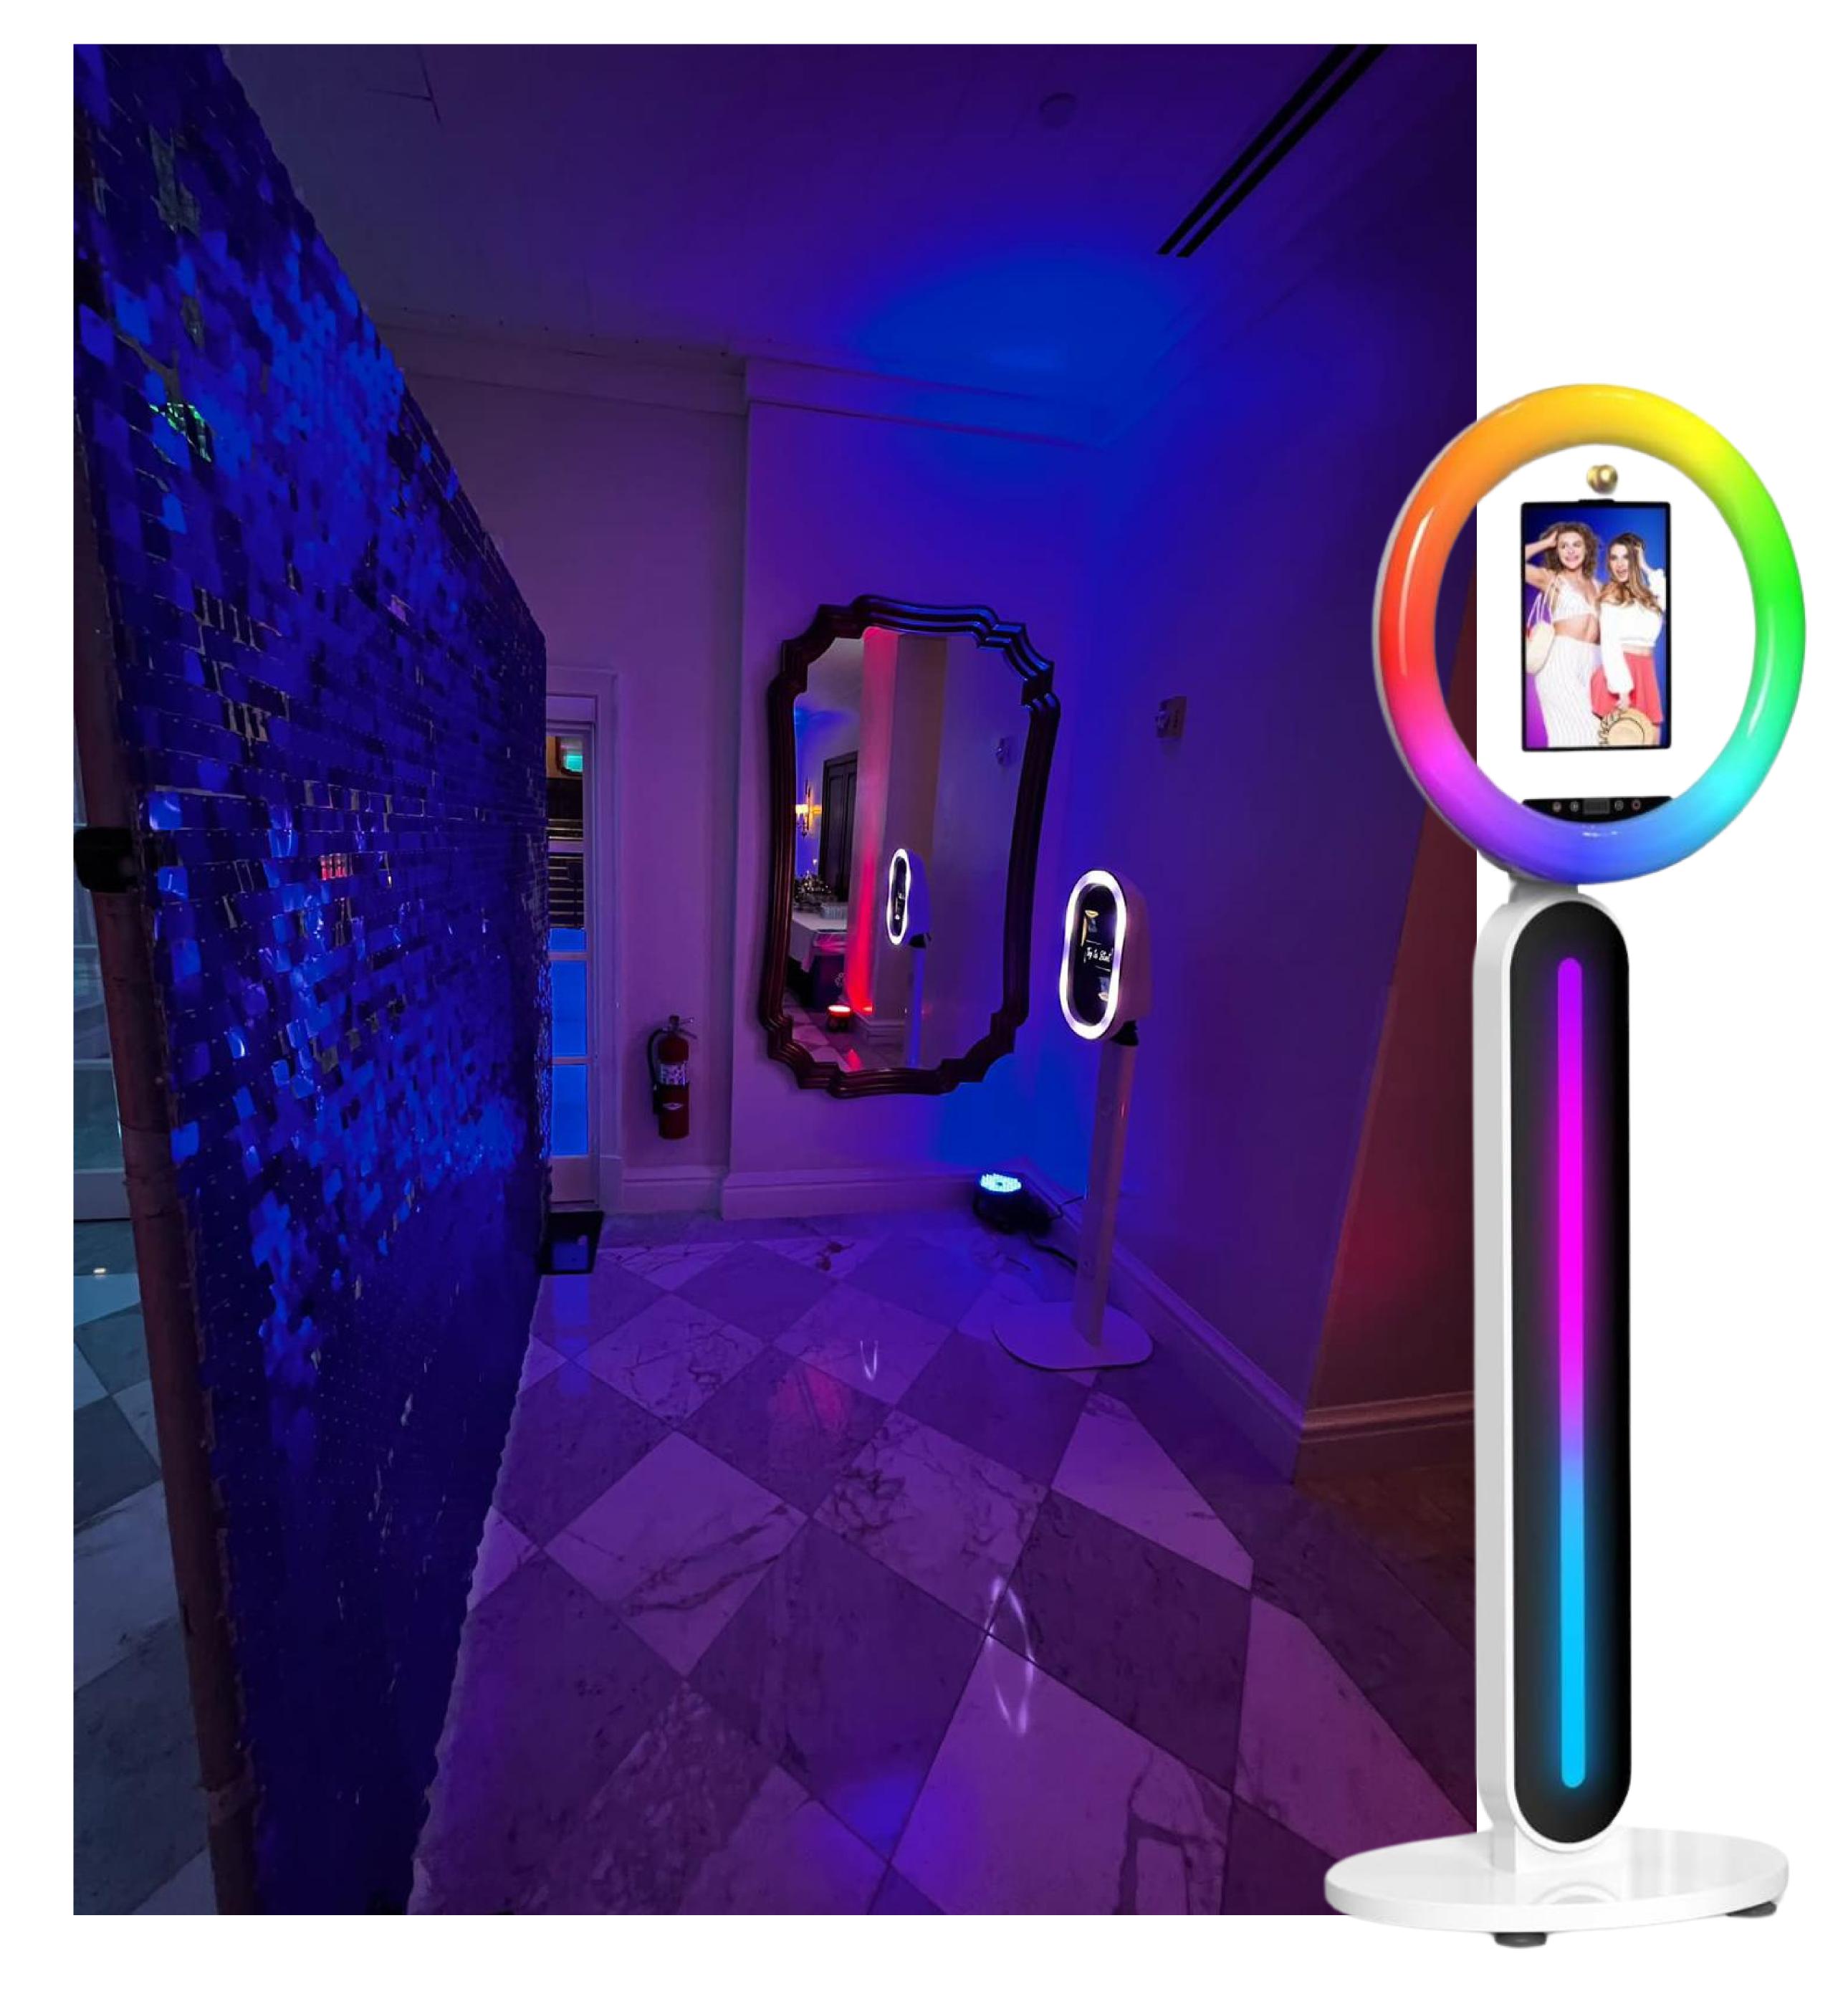

Here is our current 360 booth pricing:

- 1 hour \$250
- 2 hours \$360 (Most popular package)
- 3 hours \$470
- 4 hours \$580 & 5 hours \$690

The price includes:

- Delivery and Set Up
- An attendant
- A video for up to 20 seconds long
- A video effect of your choice
- A background song of your choice
- Instant sharing
- Access to the all of the footage
- Custom props for an additional charge
- A custom filter (or overlay) for an additional charge
