# Your Wedding Day

BY JUST DREAMS

Welcome to the beginning of your wedding journey with Just Dreams! Our wedding design process begins with getting to know you and your partner. Likes, dislikes, favourite colors and hobbies are all elements that help develop our vision for your wedding style. Just Dreams has designed small intimate ceremonies for 30 close friends and family members to more elaborate weddings with over 250 guests. We've created gorgeous setups in venues such as Fort St. Catherine, Hamilton Princess Hotel and the breath taking pink sand shores of Jobson's Cove. Your unforgettable wedding day starts here...

# Ceremony & Reception Styling

Where do you vision your dream wedding taking place? The stunning shores of one of Bermuda's gorgeous pink sand beaches, beneath the stained glass windows of one of the Island's many famous churches or set in front of a beautiful natural garden backdrop? The options are limitless and the 'Just Dreams' team are here to work with you to be your expert eye in creating a memorable day. Your ceremony and reception decor should provide a inside glimpse of the love you share and represent your special bond, which led to this occasion. Your guests will be awed by how the venue is a true reflection of you and your partner. This is our passion, commitment and goal as designers—to ensure your unique day is filled with special moments.

## Our Love for Design

The 'Just Dreams' team is comprised of professionals who share a love and passion for design. Our team brings a diverse range of expertise and experience, which guarantees to shine through on your wedding day. Our commitment is to bring your vision to life from the flowers to the aisle to the dance floor. Our zest for design means we aim to go over and above, by ensuring every detail is absolute perfection.

## It's all in the Details

Event styling requires a creativity, boldness and attention to detail that is key for any successful event. Wedding styling in particular exemplifies this principle. When we make a commitment to you, we are committing to turning a potential good wedding into a unforgettable one!

# Our Design Process

## WHAT HAPPENS NEXT?

- **STEP ONE: INITIAL MEETING**

We will chat with you about a general overview regarding your wants and needs for your wedding.

- **STEP TWO: CLIENT QUESTIONNAIRE**

After our initial meeting, we will send a questionnaire to help us get a better understanding of your likes and, more importantly, your dislikes.

- **STEP THREE: SITE VISIT**

Next, we like to meet with you at your chosen venue to discuss how the space can be developed. For overseas couples we can do this step virtually through videos, photos or Skype.

- **STEP FOUR: DESIGN PROPOSAL & QUOTE**

Now we can start diving into the details and provide a design proposal based on our discussions. We do ask for your patience as this process takes a bit longer.

- **STEP FIVE : REVISED DESIGN PROPOSAL & QUOTE**

Based on your input, we provide a revised design proposal if necessary.

- **STEP SIX: THE MOCKUP**

To help you visualize how it will look on the day we provide a full table mockup with linens, florals, candles, table numbers etc.. to ensure we have picked the best options for you.

## What clients are saying...

*Cyniqua handled our wedding details in Bermuda from start to finish with us being in Delaware. She made sure everything was done to perfection. She and Francine were there at every moment. The recommendations she gave for breakfast, bakery, DJ, flowers, etc.. were all spot on. We had a beautiful service at St. Peter's in St. George's and small reception at Ft. St. Catherine's on the higher level of the fort under the stars and I almost think she ordered the breeze and orange moon that night! They even added some touches that we had not thought about which was a wonderful surprise...*

- Amy, Delaware

*Just Dreams did an awesome job with our wedding - everything turned out even better than we could have imagined on the day of and much of it was due to lots of planning and hard work on their part. Don't think we would have had such a nice event without them!*

-Arun, Virginia
